PROCESSING POLICIES		
<b>What is the Posting Order?</b>		
This section summarizes how we generally post some common transactions to your account.		
The Bank currently group the different types of transactions into categories. We use several different categories for holds, credits, and debits. Most categories include more than one transaction type. After the end of the business day, our automated systems assign a category to each transaction received for that day. The Bank generally post all transactions within a category, using the posting order or orders that apply to that category before we post any transactions assigned to the next category.		
The Bank start the posting of transactions considering the balance in your account from the previous business day, then will post credits and debits within categories in the following order:		
<ol style="list-style-type: none"> <li>All deposits and credits to your account will post based on our Funds Availability disclosure.</li> <li>The following provisional holds and/or debits will post, within each category, in the order in which each is authorized/received (date/time). If the debit is received without the time of the transaction, it will be posted per category after transactions with information on the time of the transaction.                             <ul style="list-style-type: none"> <li>Any overdraft balance from the previous day if at the end of the previous day you incur in transactions against insufficient or non-available funds.</li> <li>Provisional holds - Debit card authorizations, check deposit holds, etc.</li> <li>Transactions within our branches through a Bank Representative. This includes debit card transactions and check cashing within the branch (if your Account provides checks)</li> <li>Automated Teller Machine (ATMs) withdrawals</li> <li>Debit Card purchases</li> <li>Other debits (Telepago/Pay by Phone, transfers between accounts, wire transfers and debit notices)</li> <li>Last, ACH debits, whether one time or recurrent, in the order received</li> </ul> </li> <li>Checks (in those accounts that offer checks) are processed in numerical order from lowest to highest check number. Checks presented without a number will post after the numbered checks and will post from highest to lowest dollar amount.</li> <li>Most account related fees (such as monthly service fees, pending service fees, overdraft line of credit finance charge) are posted last in the order established by the Bank.</li> </ol>		
<b>Overdraft Fee</b> - We determine at the time we post the transaction into your account whether it creates an overdraft and whether an overdraft fee applies. If there are insufficient funds to pay a presented debit, we may pay it and overdraw your account. In such case, you may incur in an overdraft fee. The fee will be reflected in your account after the transaction is paid.
